

Article Overview

Bhutanese electrical distribution boxes are available from local manufacturers and suppliers such as STG Enterprise, Dongfeng, and other verified distributors offering various sizes and capacities.

Key Manufacturers and Suppliers

o Dongfeng / GGD Type AC Low-Voltage Distribution Cabinets

o These cabinets are designed for AC 50Hz systems with rated voltages of 400V and currents up to 3150A.

o They come in three main types based on current ratings: GGD1 (1000A), GGD2 (1600A), and GGD3 (3150A).

o Features include flexible electrical schemes, strong breaking capacity, excellent thermal and dynamic stability, and IP30 protection level.

o Suitable for indoor installations in power plants, factories, mines, and substations .

o STG Enterprise

o Located in Thimphu, Bhutan, STG Enterprise is a local electrical company involved in supplying and distributing electrical products, including distribution boxes .

o They provide contact information for direct inquiries, making them a practical source for customized or bulk orders.

o Wholesale Suppliers and Verified Manufacturers

o Platforms like go4WorldBusiness list verified Bhutanese suppliers and manufacturers of electrical products, including distribution boxes of various sizes and specifications .

o These suppliers often offer bulk purchasing options and can provide technical details for different cabinet types.

o ExportHub Bhutan Directory

o ExportHub connects international buyers with Bhutanese manufacturers, suppliers, and wholesalers, offering a wide range of electrical distribution products .

o This directory is useful for sourcing multiple manufacturers and comparing product specifications, sizes, and capacities.

Considerations for Selection

o Current Rating and Size: Choose cabinets based on the required rated current (1000A, 1600A, 3150A) and installation environment.

o Protection Level: Ensure the IP rating meets the installation requirements (e.g., IP30 for indoor use).

o Supplier Verification: Use verified directories or local contacts to ensure product quality and compliance

with standards.

o Customization: Some manufacturers may offer flexible configurations to match specific electrical schemes. By contacting these manufacturers or using supplier directories, you can obtain distribution boxes in different sizes and capacities suitable for Bhutanese electrical infrastructure.
