

Article Overview

Ecuamatriz is a leading Ecuadorian manufacturer of Level 3 distribution boxes, offering certified, high-security, and customizable electrical enclosures.

Key Manufacturer: Ecuamatriz

Ecuamatriz specializes in designing and assembling distribution boxes that meet Ecuadorian safety standards and are approved by the Ministry of Energy and Mines . Their products are available in metallic, polycarbonate, and hybrid materials, providing flexibility for different industrial and commercial applications. Key features include:

- o High-security machined bolts with unique keys to prevent tampering
- o Terminal blocks with capacities exceeding 150 Amperes
- o Protection of electrical accessories and reduction of energy loss
- o Variety of sizes and configurations to suit specific project requirements These boxes are suitable for Level 3 distribution, ensuring safe and efficient energy distribution in complex electrical networks .

Other Suppliers and Options

For bulk or specialized orders, Ecuadorian suppliers are listed on platforms like go4WorldBusiness, offering explosion-proof and industrial-grade distribution boxes . These suppliers provide:

- o Customizable dimensions and materials
- o Locking and key options for security
- o Bulk pricing and wholesale discounts
- o Support for international shipping These suppliers are ideal for companies seeking large-scale procurement or specialized distribution boxes for industrial environments.

Considerations for Selection

When choosing a Level 3 distribution box manufacturer in Ecuador, consider:

- o Certification and compliance with local energy regulations
- o Material durability (metallic vs polycarbonate vs hybrid)
- o Electrical capacity and terminal block specifications
- o Security features to prevent unauthorized access
- o Customization options for modular or industrial applications Ecuamatriz and verified Ecuadorian suppliers
