

Article Overview

Leading French cable tray manufacturers include NIEDAX France, OB Profils, Cablofil, EAE Electric, Gewiss, and Legrand, offering a wide range of cable management solutions for diverse industries.

Key Manufacturers

NIEDAX France NIEDAX is a French leader in metal cable support systems with over 60 years of experience. They provide a comprehensive range of cable trays, conduits, and accessories suitable for industries such as energy, transport, infrastructure, and automation. Their products include ladder, perforated, and solid-bottom trays, designed to meet complex technical requirements and harsh environments. NIEDAX also emphasizes innovation, quality, and compliance with safety standards, making them a trusted partner for national installers and engineering offices . **OB Profils** Located in Prunay-Le-Gillon, OB Profils manufactures and markets cable trays and supports for all building sectors. They offer over 2,500 references, including accessories like supports, derivation elements, and connection components. Their products are available in multiple finishes such as hot-dip galvanized, Magnelis(R), aluminum, stainless steel, epoxy, and PVC UV, suitable for various environmental conditions. OB Profils also provides tailored solutions and integrated logistics for domestic and international deliveries . **Cablofil (Legrand France)** Cablofil specializes in steel wire mesh cable trays, offering flexible and scalable solutions. Their trays feature a 90% open structure for better ventilation, easier inspection, and reduced dust accumulation. Cablofil products include quick-fixing systems like Faslock for tool-free installation and are available in finishes such as EZ, EZ+, GC, and stainless steel (316L/304L). They are certified to IEC 61 537, ABS, and DNV standards, suitable for industrial, offshore, and commercial applications . **Other Notable Manufacturers**

- o **EAE Electric:** Offers durable cable tray systems for telecommunications, heavy industry, and other sectors, with both traditional and advanced designs.
- o **Gewiss:** Provides modular cable management solutions with a focus on innovation and sustainability.
- o **Legrand:** Known for high-quality, eco-friendly cable trays and accessories, often integrated with broader electrical systems .

Advantages of French Manufacturers

- o **High-Quality Materials:** Stainless steel, galvanized steel, and specialized coatings ensure durability and corrosion resistance.
- o **Customizable Designs:** Many manufacturers offer tailored solutions for complex installations.
- o **Sustainability:** Emphasis on recyclable materials and eco-friendly production.
- o **Comprehensive Support:** Technical assistance, project consultation, and logistics services are widely available. French cable tray manufacturers are recognized for their reliability, innovation, and ability to meet diverse industrial and commercial needs, making them suitable for both domestic and international projects.
