

Huawei Switch 10G Fiber-to-Electronic Module

Preview

The Huawei Optical Transceiver SFP-10G-LR is a versatile and high-performance 10G SFP+ module. Designed for single-mode fiber, it offers reliable 10km transmission at 1310nm. Huawei started certification on 10GE or lower speed optical modules for switch products on July 1, 2013. If your optical modules are delivered after July 1. This time period includes the transit time for us to receive your return from the shipper (5 to 10 business days), the time it takes us to process your return once we receive it (3 to 5 business days), and the time it takes your bank to process our refund request (5 to 10 business days). If you. SFP-10G-ZR100100km Compatible Brands: Fully compatible with Cisco switches, for Compatible Matrix, please click here. This product is highly beneficial for data centers and enterprise networks needing robust and long-range connectivity. This 10Gbps Copper Small Form Pluggable (SFP+)transceiver is suitable for high performance, cost effective module compliant with the Gigabit Ethernet and 1000Base-T standards as specified in IEEE 802. 3-2002, SFF-8431 and IEEE SFF-8432, supporting 10Gbps datarate up to 30 meters reach over category. If the SFP-10G-ER-1310 is connected to a 10Gbase-ER standard optical module (1550nm, 10GE, 40km), the maximum transmission distance is only 20km due to different specifications such as wavelength and receiving sensitivity.

Check Huawei SFP-10G-ZR100 Compatible 10GBASE-ZR SFP+ Transceiver module data sheet(SMF, 1550nm, 100km, LC connector) and price list on FS.COM, buy it now!

Cisco 10 Gigabit Modules Overview Cisco offers a broad range of Industry compliant Xenpak, X2 and XFP modules for 10 Gigabit Ethernet deployments. Xenpaks are

The Huawei Optical Transceiver SFP-10G-LR is a versatile and high-performance

Product Description Huawei CE8800 Series 24-port, 10G Ethernet optical (SFP+) and 2-port 100G Ethernet optical (QSFP28) Subcard CE88-D24S2CQ Huawei

This module can only be used on a switch running V200R009C00 or a later version. A switch running an earlier version may fail to obtain information about this module. Single-fiber bidirectional (BIDI)

This 10G SFP+ transceiver is applied in various application scenarios such as

Huawei Technical Support

Huawei SFP-10G-LR Compatible 10GBASE-LR SFP+ Transceiver module data sheet (SMF, 1310nm, 10km,

LC connector) from fiberopticdistribution.com

Single-fiber bidirectional (BIDI) optical modules must be used in pairs. For example, SFP-10G-BXU1 must be used with SFP-10G-BXD1.

Huawei SFP-10G-LR compatible optical transceiver is a dual fiber 10.3Gbps Small Form-factor Pluggable SFP+ module for use in 10GBASE Ethernet. SFP+ LR

Huawei started certification on 10GE or lower speed optical modules for switch products on July 1, 2013. To determine whether optical modules delivered for Huawei switches before July 1, 2013 are certified

The 10G 80KM SFP+/SFP-ZR Huawei Optical Transceiver is a high-performance hot-swappable module designed for long-haul 10 Gigabit Ethernet and SDH/SONET.

S5700 Series Switches Hardware Description (V200) 10GE SFP+ Optical Modules OMXD30000 (02318169) OSX010000 (02318170) OSX040N01 (02310CNF) OSXD22N00 SFP-10G-ER-1310 SFP

Check Huawei SFP-10G-ZR100 Compatible 10GBASE-ZR SFP+ Transceiver module data sheet(SMF, 1550nm, 100km, LC connector) and price list on

A switch must use optical or copper modules that have been certified for use on Huawei switches. Non-certified optical or copper modules cannot ensure transmission reliability and may affect service

This document provides an overall description of the CE12800 series switches hardware, helping you obtain detailed information about each chassis, power module, fan module, card, cable, and
