

Manufacturers of electrical distribution boxes in Southern Europe

Article Overview

IDE Electric, Schneider Electric, ABB, and Eaton are among the top companies providing high-quality, complete electrical distribution boxes in Southern Europe.

IDE Electric

IDE Electric, based in Spain, specializes in metal and polyester electrical enclosures for industrial and automation applications. Their products are made from high-quality cold-rolled steel and halogen-free plastics, offering protection ratings from IP44 to IP67 and current capacities from 10 to 125 Amperes at voltages from 24 to 500 Volts. IDE Electric provides customized solutions, rapid production, and compliance with REBT 2002 and international certifications, making them a strong choice for Southern European projects .

Schneider Electric

Schneider Electric is a global leader with a strong presence in Southern Europe. Their distribution boxes are designed for safety, energy efficiency, and integration with smart building systems. Schneider Electric products comply with IEC and CE standards, support green energy solutions, and offer digital monitoring and automation capabilities, making them ideal for both industrial and commercial installations .

ABB

ABB provides high-performance electrical enclosures and distribution boxes suitable for demanding industrial environments. Their products are known for durability, safety, and compliance with European standards, including IEC 61439. ABB's solutions are widely used in infrastructure, manufacturing, and automation projects across Southern Europe .

Eaton

Eaton offers robust and reliable distribution boxes with a focus on industrial and commercial applications. Their enclosures are designed for long-term durability, compliance with international safety standards, and versatility in installation. Eaton's strong European distribution network ensures local support and availability .

Key Considerations

When selecting a manufacturer in Southern Europe, consider:

- o Compliance with European standards (IEC 61439, CE marking)

Manufacturers of electrical distribution boxes in Southern Europe

- o IP protection ratings for environmental resistance
 - o Customization options for industrial or automation needs
 - o After-sales support and local availability
 - o Material quality (metal vs. high-durability plastics)
- For Southern European projects, IDE Electric is highly recommended for local expertise and customization, while Schneider Electric, ABB, and Eaton provide globally recognized quality, advanced features, and strong support networks.

Power distribution boxes, racks, splitters, adapters and cables. Custom-made and certified PDUs, easy to move and stack up.
