

Article Overview

Stansefabrikken and Elcor are leading Norwegian manufacturers of complete electrical distribution boxes and panels.

Stansefabrikken

Stansefabrikken is recognized as Norway's leading supplier of electrical cabinets, offering a wide selection of NEBB, AltiEtt, TKS, industrial cabinets, and cable cabinets. Their products are available in various materials, including plastic, polyester, acid-resistant materials, aluminum, and standard black steel, allowing for flexible and customized solutions. They provide certified electrical products suitable for housing, industrial, and infrastructure applications, distributed through electro wholesalers across Norway. Their focus is on high-quality, flexible, and competitively priced solutions with strong customer support and engineering guidance (Stansefabrikken Products) .

Elcor

Elcor is the Nordics' largest manufacturer of electrical panels for automation and industry, with a presence in Norway, Denmark, Sweden, Poland, and Lithuania. They specialize in designing and building panels tailored to exact customer requirements, supporting new installations, upgrades, and standardization projects. Elcor emphasizes sustainability and energy-efficient solutions, providing engineering expertise and proven solutions for industrial and commercial electrical distribution needs (Elcor) .

Other Notable Companies

- o Efa Elektro AS: Offers complete energy distribution solutions, including distribution blocks, circuit breakers, and electrical installations for construction and building projects (WE Energy AS) .
- o WE Energy AS: Specializes in electrical installations and automation, particularly for oil and energy sectors, with prefabrication processes for efficient electrical distribution systems (WE Energy AS) .
- o ON Energi: Provides high-voltage infrastructure and electrical installation services, including power lines up to 132 kV, relevant for large-scale distribution projects (ON Energi) . These companies provide a combination of manufacturing, customization, and engineering support, making them suitable for clients seeking complete electrical distribution solutions in Norway. Depending on your project requirements--industrial, commercial, or infrastructure--you can contact Stansefabrikken or Elcor for tailored solutions, while Efa Elektro, WE Energy, and ON Energi offer additional specialized services.
