

Article Overview

The price of concealed fiber optic couplers varies widely depending on type, mode, split ratio, and customization, typically ranging from a few dollars for standard LC/SC couplers to several hundred dollars for specialized PLC or high-power couplers.

Factors Affecting Price

o Coupler Type and Fabrication

- o Fusion couplers: Low insertion loss (~0.3 dB), high power handling, limited bandwidth; moderate cost .
- o Micro-optic couplers: Ultra-broad bandwidth, high polarization extinction ratio, excellent thermal stability; higher cost due to precision fabrication .
- o Planar Lightwave Circuit (PLC) couplers: Compact, broad bandwidth, suitable for high fiber counts; lower cost for standard ratios, but custom ratios significantly increase price .

o Mode and Fiber Type

- o Singlemode (SM) couplers generally cost more than multimode (MM) due to tighter tolerances and lower insertion loss requirements .
- o Dual window or dual-clad fibers may increase cost due to specialized design .

o Split Ratio and Port Count

- o Common split ratios (50/50, 60/40, 70/30) are less expensive.
- o Extreme ratios (1/99, 95/5) or higher port counts (1x8, 1x16) increase cost due to complexity .

o Connectorization

- o Connectorized couplers (LC, SC, FC, ST) are more expensive than unconnectorized versions.
- o APC or UPC polishing types may slightly affect price .

o Customization

- o Custom fiber assemblies, special wavelengths, or concealed designs require direct quotes from suppliers like EFB-Elektronik or Fibertronics .

Typical Price Ranges

- o Standard LC/SC singlemode couplers: \$5-\$20 per unit for small packs (Amazon listings), .
- o PLC couplers for telecom or high fiber counts: \$50-\$300+ depending on split ratio and customization .
- o High-power or specialty micro-optic couplers: \$100-\$500+ for industrial or laboratory applications .
- o Custom concealed or dual-window couplers: Price available upon request from suppliers; expect higher costs due to design and fabrication .

Price of Concealed Fiber Optic Couplers

Recommendations

- o For standard networking applications, Amazon or online distributors provide affordable pre-packaged couplers.
- o For industrial, high-power, or concealed applications, contact suppliers like EFB-Elektronik, Agiltron, or Fibertronics for quotes and technical advice.
- o Always specify mode, split ratio, connector type, and any concealment requirements to get accurate pricing.

Our complete Range of Fiber Optic Couplers, Adapters & Kits gives you everything you need to manage

At DCDI we stock a full range of fibre optic couplers including ST, SC, single and multimode connectors. Bulk pricing available. Order

6 Pack LC-LC Duplex Fiber Optic Couplers/Adaptors to join two fiber patch cables together. Securely connect your 62.5/125

To view this site, you must enable JavaScript or upgrade to a JavaScript-capable browser.

Couplers Fibertronics offers fiber optic couplers/splitters. These are available in single mode or multimode. Splitters with a defined

Fiber-optic couplers are used to split or combine the light contained in optical fibers.

This buyer's guide for fiber couplers provides technical background, comparison of major types, selection criteria, and an overview of

CableWholesale offers a wide range of wholesale fiber optic connectors and couplers so you can establish a dependable, high

Coupler Fiber Optic Connectors are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Coupler Fiber

Find a full range of fibre optic adaptors to help you combine cables and extend your fibre network with a stronger signal. 4Cabling

About this item Site Proven Performance - Our LC Connector 5 Packs are ideal for any Single or multi mode, simplex or duplex Fiber

PROFESSIONAL GRADE - Our lc fiber coupler tin gives you a reliable source of single mode Fiber optic

Price of Concealed Fiber Optic Couplers

couplers which make quick

ST Fiber Optic Couplers for Extending STUPC Single Mode Cables - Our STUPC Fiber Connectors are pre-Cleaned Barrel Connectors.

Fibershack - LC Coupler Tin - 20 Pack - Single Mode LC Fiber Couplers Set. LCUPC Fiber Adapters are Pre-Cleaned & Extend

In this case, a Fiber Optic Adapter is utilized. Fiber Couplers are made for both single mode and multimode fiber optic cables;

Fiber Optic Adapters We offer many types of fiber adapters - for simplex or duplex cable; made of plastic or metal; single mode or
