

Price of Wall-Mounted Small Network Cabinets

Article Overview

Small wall-mounted network cabinets typically range from \$100 to \$260, depending on size, features, and materials.

Price Range Overview

For compact wall-mounted network cabinets suitable for home offices, small retail stores, or satellite offices, prices generally start around \$100 for basic 6U models and can go up to \$260 for feature-rich units with glass doors or enhanced security . These cabinets are designed to hold routers, switches, patch panels, and other small networking equipment while saving floor space.

Examples of Available Cabinets

- o Newegg offers reinforced wall-mount racks in sizes like 3U, 4U, and 6U, suitable for 19-inch IT equipment, with heavy load capacity options .
- o Amazon lists VEVOR 6U, 9U, and 12U wall-mount cabinets with locking glass doors and up to 200 lbs load capacity, priced in the mid-range for small office setups .
- o Adorama features small 4U and 10RU wall-mounted cabinets made of solid steel, adjustable rails, and vented panels, with financing options available for monthly payments around \$56-\$78 .

Factors Affecting Price

- o Size (U height): Cabinets range from 3U to 12U; larger units cost more.
- o Material and build quality: Steel or reinforced racks are more durable and slightly higher in price.
- o Features: Lockable doors, vented panels, and adjustable rails increase cost.
- o Brand and certifications: Well-known brands or environmentally certified products may carry a premium.

Summary

For a small wall-mounted network cabinet, expect to budget \$100-\$260 for a reliable, compact unit. Basic models are sufficient for minimal networking setups, while cabinets with glass doors, enhanced security, or additional features fall toward the higher end of this range .
