

Price of waterproof plastic electrical distribution boxes in Ireland

Article Overview

Waterproof plastic electrical distribution boxes in Ireland typically range from EUR10 to EUR60 depending on size, IP rating, and manufacturer.

Overview of Pricing

- o Small junction boxes (e.g., 85x85x50 mm, IP65) generally cost around EUR10-EUR20 and are suitable for basic outdoor or indoor wiring projects .
- o Medium-sized waterproof enclosures (e.g., 100x100x70 mm, IP55-IP65) are priced approximately EUR20-EUR35, offering more access points and better protection for sensitive components .
- o Larger or specialized plastic enclosures for industrial or commercial use, including wall-mounted or modular designs, can range from EUR40-EUR60 or more, depending on the brand and additional features like mounting plates or reinforced construction .

Key Factors Affecting Price

- o IP Rating: Higher ratings (IP66, IP67) provide better dust and water protection, increasing cost.
- o Material: ABS or PS plastics are common; reinforced plastics or GRP composites offer durability but are more expensive .
- o Size and Capacity: Larger boxes with more internal space or multiple access points cost more.
- o Brand and Supplier: Reputable brands like BUD Industries, Takachi, Dribox, and Camdenboss may charge a premium for quality and certification .

Where to Buy

- o Farnell Ireland: Offers a wide range of outdoor/waterproof plastic enclosures with fast delivery and datasheets for technical specifications .
- o SatCity.ie: Provides IP-rated plastic junction boxes and enclosures with nationwide delivery and competitive pricing, suitable for both residential and commercial projects .
- o MW Electrical (MWEL.ie): Stocks IP65-IP67 rated enclosures in various sizes and materials, ideal for industrial and outdoor applications .

Practical Tips

- o Always check the IP rating to ensure adequate protection for your environment.
- o Consider future expansion; slightly larger boxes may save costs if additional wiring is needed later.
- o Compare suppliers for delivery options and warranty, as some offer fast shipping across Ireland. By considering size, IP rating, and supplier, you can select a waterproof plastic electrical distribution box that fits
