

Price quote from electroplated galvanized cable tray manufacturers

Article Overview

Electroplated galvanized cable trays typically range from \$0.40 to \$2.25 per meter depending on type, thickness, and order volume, with multiple manufacturers offering bulk pricing and customization options.

Overview of Electroplated Galvanized Cable Trays

Electro-galvanized cable trays are steel trays coated with a thin layer of zinc to enhance corrosion resistance, suitable for indoor and mildly corrosive environments. They come in various designs including wire mesh trays, ladder trays, solid-bottom trays, perforated trays, and U-shaped gutter trays, each optimized for cable protection, airflow, and installation ease. Electro-galvanized trays are ideal for projects requiring moderate corrosion resistance and cost efficiency compared to hot-dip galvanized alternatives.

Price Ranges and Supplier Options

- o Alibaba Suppliers: Electro-galvanized trays are available in customizable sizes and designs, with prices varying based on tray type, dimensions, and order quantity.
- o Hot-Dip vs Electro-Galvanized: Hot-dip galvanized trays, which offer higher corrosion resistance, have reported prices from \$0.40/meter for bulk orders (50,000+ units) to \$2.25/meter for heavy-duty outdoor applications.
- o IndiaMART Suppliers: In India, electro-galvanized and GI cable trays start at INR74-INR95 per meter, with suppliers like Ajay Electric & Metal Industries, Super Cable Tray Pvt. Ltd., and JP Electrical & Controls offering bulk order support and fast response.

Factors Affecting Price

- o Tray Type: Wire mesh trays are generally less expensive than solid-bottom or ladder trays.
- o Material Thickness: Thicker steel (1.5mm or more) increases cost but improves load capacity and durability.
- o Order Volume: Bulk orders often reduce unit cost by 15-30%.
- o Customization: Special sizes, perforations, or additional coatings may increase price.
- o Shipping and Duties: International orders may include freight, customs, and import duties.

Recommended Approach for Quotes

- o Contact multiple suppliers directly to request latest pricing, minimum order quantities, and delivery timelines.
- o Verify coating standards (e.g., UNE-EN ISO 2081, ASTM A123) and third-party certifications for quality assurance.

Price quote from electroplated galvanized cable tray manufacturers

o Consider total cost of ownership, including installation, maintenance, and expected lifespan.

Notable Manufacturers

- o Shandong Huayuetong International Trade Co., Ltd. - high reliability, ISO/ASTM compliant .
- o Zhonghe Steel (Tianjin) Co., Ltd. - lowest per-unit price for large orders .
- o Weifang Guqiang Cable Tray Co., Ltd. - medium-volume buyers with strong reviews .
- o TRG Engineering Industries, Chennai - offers hot-dip and galvanized trays in various specifications . For accurate quotes, it is recommended to provide tray type, dimensions, quantity, and environmental conditions to suppliers, ensuring the pricing reflects your project requirements.
