

Reasonable pricing for trapezoidal cable trays in Dubai

Article Overview

The cost of trapezoidal cable trays in Dubai typically ranges from AED 150 to AED 500 per 3-meter section, depending on material, size, and finish.

Pricing Overview

The price of a trapezoidal cable tray in Dubai depends on several key factors:

- o **Material Type:** Galvanized Iron (GI) trays are generally the most affordable, while Hot-Dip Galvanized (HDG) and stainless steel trays cost more due to superior corrosion resistance and durability, especially for outdoor or coastal environments . Aluminum trays are lightweight and corrosion-resistant but usually more expensive than GI .
- o **Tray Dimensions:** Width, height, and thickness directly affect cost. Larger or thicker trays designed for industrial applications are more expensive .
- o **Coating and Finish:** Powder-coated or marine-grade finishes add to the price for extra corrosion protection .
- o **Load Capacity and Project Requirements:** Trays designed for heavy loads or long spans, such as ladder-type trays, are priced higher than perforated or wire-mesh trays .

Typical Price Range

- o **GI Trapezoidal Cable Tray (3m length):** AED 150-250 per section .
- o **HDG or Stainless Steel Trapezoidal Tray:** AED 300-500 per section, depending on thickness and corrosion protection .

Supplier Options in Dubai

- o **Binja Building Materials:** Offers GI and HDG trays with fast delivery across Dubai and UAE, suitable for industrial and commercial projects .
- o **Hutaib Electricals:** Provides custom sizes, bends, powder-coated finishes, and bulk pricing for trapezoidal trays, with lead times of 24-72 hours for standard sizes and 5-10 days for custom fabrication .
- o **Fepy:** Supplies GI trays with corrosion-resistant finishes, suitable for indoor and outdoor installations, with options for wider or thicker variants .

Additional Considerations

- o **Installation Costs:** Depending on project complexity, installation may add to the overall budget.
- o **Bulk Orders:** Purchasing in bulk often reduces the per-unit cost.

Reasonable pricing for trapezoidal cable trays in Dubai

o Custom Fabrication: Custom widths, bends, or powder-coated finishes will increase the price. In summary, for a standard 3-meter GI trapezoidal cable tray in Dubai, expect to pay around AED 150-250, while HDG or stainless steel options can cost AED 300-500 per section, with final pricing influenced by material, size, finish, and supplier .
