

Article Overview

Key Slovakian manufacturers of electrical distribution boxes include ELMAX Zilina and SEZ DK, offering a wide range of standard and customized solutions for industrial and residential applications.

ELMAX Zilina

ELMAX Zilina specializes in the production of standardized and customized switchgear cabinets, special-purpose cabinets, and electrical control systems. Their offerings include complete electrical distribution boxes suitable for industrial automation, technological plants, and material handling equipment. The company uses components from globally recognized brands such as SIEMENS, Allen-Bradley, and TECO, and holds CE and UL certifications, ensuring compliance with European, US, and Canadian standards. ELMAX also provides design, installation, and servicing of electrical systems, making them a full-service provider in Slovakia .

SEZ DK

SEZ DK produces a broad range of distribution boxes under the ROS series, including ROS 4, ROS 5, and ROS 11, with protection ratings from IP20 to IP67. Their products are suitable for low-voltage electrical appliances, building installations, and industrial applications. SEZ DK offers MCB-protected and unprotected versions, with configurations supporting 4 to 24 MCB modules. They also provide a wide selection of terminal blocks, connectors, and mounting options, with materials including high-quality brass, copper, plastic, and metal enclosures .

Additional Suppliers

For a broader selection, B2B directories such as Europages and Kompass list multiple Slovakian companies involved in electric power transmission, switchboard manufacturing, and distribution systems. These suppliers often provide customized solutions, industrial switchboards, and low/high-voltage installations for commercial and residential projects .

Considerations for Selection

When choosing a manufacturer, consider:

- o Certification and compliance: CE, UL, ISO 9001
- o Protection rating (IP): IP44-IP67 for industrial environments
- o Customization options: Number of MCB modules, material, and mounting type
