

Sourcing from French cable tray manufacturers

Article Overview

Top French cable tray manufacturers include Niedax Group, EAE Electric, Cablofil, Gewiss, and Legrand, offering a wide range of cable management solutions.

Leading Manufacturers

Niedax Group is a major player in France, specializing in metal cable support systems, including ladder, perforated, and solid-bottom trays. They serve industries such as energy, transport, infrastructure, and automation, providing customized solutions, technical training, and project planning support (Niedax France). Their products comply with international standards like UL and CSA, and they also offer glass fiber reinforced plastic (GRP) systems for specialized applications. EAE Electric produces durable cable tray systems suitable for telecommunications, heavy industry, and challenging environments. Their offerings include both traditional and advanced cable tray designs, emphasizing longevity and high performance. Cablofil, part of the Legrand Group, focuses on wire mesh cable trays, which are flexible, cost-effective, and widely used in commercial and industrial installations. These trays are ideal for complex routing and easy modifications. Gewiss and Legrand also provide comprehensive cable management solutions, including modular systems, trunking, and accessories, catering to a variety of sectors. Jeetmull Jaichandlall (P) Ltd. is another manufacturer operating in France, offering high-quality wire mesh trays in various sizes, shapes, and colors. They emphasize adherence to industry standards and provide tailored solutions for different industrial needs.

Additional Resources

For a broader list of suppliers and distributors, GlobalSpec provides an interactive map of cable tray manufacturers in France, which can help locate local suppliers and compare product offerings.

Summary

When sourcing cable trays in France, consider Niedax Group for metal and GRP systems, EAE Electric for heavy-duty applications, Cablofil for wire mesh solutions, and Legrand/Gewiss for modular and trunking systems. These manufacturers are recognized for quality, innovation, and reliability across multiple industries.
