

Tajikistan QSFP Optical Module DML Price List

Article Overview

QSFP optical modules, including DML types, are available in Tajikistan with prices ranging from under \$2,000 for short-reach 400G modules to over \$130,000 for long-haul OEM modules, depending on type and vendor.

Price Ranges by Module Type

- o 400G QSFP-DD DML Modules: Short-reach SR8 modules typically cost \$1,400-\$1,800 from reputable third-party vendors, while long-haul coherent ZR+ modules can exceed \$130,000 from OEMs, reflecting differences in transmission distance and technology complexity (Fibermall) .
- o 100G QSFP28 Modules: Prices are influenced by engineering, BOM, and production costs, with third-party modules often 50-90% cheaper than OEM equivalents (Vitex, QSFPTEK) .
- o 40G QSFP+ Modules: Available for distances from 150m to 400m, with pricing generally lower than 100G and 400G modules; for example, the GBICS QSFP-40G-ESR4 module is available for delivery to Tajikistan via desertcart, with pricing including taxes and shipping (Desertcart) .

Vendors and Availability in Tajikistan

- o QSFPTEK: Offers 1G-400G modules with competitive pricing, cutting up to 90% off OEM costs. Modules are factory-tested for quality and compatibility, and they ship internationally, including to Tajikistan (QSFPTEK) .
- o Desertcart: Provides Dell EMC-compatible QSFP+ modules, including 40GBASE-ESR4, with delivery to major Tajik cities like Dushanbe, Khujand, and Kulob. Desertcart ensures authenticity and handles customs and shipping (Desertcart) .
- o FS and Vitex: Provide detailed pricing guides and cost breakdowns for 40G, 100G, and 400G modules, useful for benchmarking and comparing OEM vs third-party options (FS, Vitex) .

Key Considerations

- o Module Type and Reach: Prices vary significantly based on transmission distance (short-reach vs long-haul) and technology (DML vs EML, coherent vs non-coherent).
- o OEM vs Third-Party: Third-party modules offer substantial cost savings while maintaining compatibility, but OEM modules may be required for certain vendor-specific equipment.
- o Volume Discounts: Many vendors provide tiered pricing for bulk purchases, which can reduce the total cost of ownership.
- o Shipping and Taxes: For Tajikistan, platforms like Desertcart include shipping and applicable taxes in the listed price, simplifying procurement. For Tajikistan buyers, short-reach 400G DML modules from third-party

Tajikistan QSFP Optical Module DML Price List

vendors are the most cost-effective entry point, while long-haul or OEM modules should be budgeted carefully due to high costs. Checking multiple vendors and considering volume discounts is recommended to optimize procurement.

JIAXUN_Jiaxun (Huizhou) Intelligent Technology Co., Ltd. Mainly Focuses on LAN Transformers, Filters, RJ45 Ethernet

Aiming at the 400g optical module of data center and various subdivided interconnected scenes, Accelink launch the full series of

Standards of 100G QSFP28 Transceiver Module The standard of 100G QSFP28 optical transceiver module is mainly

The official store for QSFPTEK. We provide compatible optical modules with online shopping function.

Cisco QSFP-40G-SR4 40GBASE-SR4 QSFP module for multimode fiber up to 100m, MPO-12 connector, compatible with Cisco 40G

Cisco QSFP-40G-LR4 Compatible 40GBASE-LR4 QSFP+ Optical Transceiver Module (SMF, 1310nm, 10km, LC, DDM) Cisco QSFP

ABC Stimulo Photonics designs and manufactures fiber optic cables, optical transceivers, ODF frames, data center cabling solutions,

Second, filter out vendors whose SFP module prices are not displayed on the website. Third, by manual query

Find competitive sfp module prices for various optical transceivers. Our range includes 1.25G, 10G, and 25G modules

Get Optical Transceiver Modules at Best Price, Cisco and HUAWEI SFP Module, 10G SFP+ Module, 25G SFP Module, 40g QSFP

Discover 100G QSFP28 module pricing. Learn key cost factors, considerations, and real examples to make informed

What Drives QSFP56 Price QSFP56 modules all deliver 200G-class bandwidth, but the bill of materials changes

Tajikistan QSFP Optical Module DML Price List

FS offers a growing portfolio of 100G QSFP28 modules. The 100G QSFP28 module solution provides high-performance 100GbE

6Wresearch actively monitors the Tajikistan Multi-Mode Optical Transceiver Market and publishes its comprehensive annual report,

Overview Product Type: Pluggable Optical Module Form Factor: QSFP56 Application: Data Center Interconnect Data Rate: 200
