

US Free Quote for OM3 Butterfly Drop Cable

Article Overview

OM3 Butterfly Drop Cables in the US typically range from \$250 to \$1000 per drop, depending on specifications, and free quotes can be requested from suppliers like OMC or fiber cabling project estimators.

Product Overview

The OM3 Butterfly Flat FTTH Drop Cable is designed for high-speed fiber-to-the-home (FTTH) installations, offering low-bend-sensitivity multimode fiber for superior bandwidth and reliable data transmission. Its flat butterfly structure includes two parallel Fiber Reinforced Plastic (FRP) strength members for crush resistance, lightning protection, and anti-electromagnetic interference. The LSZH (Low Smoke Zero Halogen) sheath ensures fire safety, making it suitable for indoor and access network applications. OMC provides 1-12 core options with a slotted design for easy stripping and splicing .

Typical US Pricing

Per-drop pricing for OM3 fiber cables varies based on factors such as cable type, number of fibers, drop length, and installation environment. Typical costs range from \$250 to \$1000 per drop for OM3 multimode fiber, with higher-end configurations including plenum-rated sheaths or additional protective features . Additional costs may include connectors, switches, or enclosures if part of a larger network deployment.

How to Obtain a Free Quote

- o OMC Cable: Visit the OMC website and navigate to the Butterfly Flat FTTH Drop Cable product page. Most suppliers provide a contact form or request-a-quote option for US customers .
- o Fiber Project Estimators: Tools like the Progressive Office Cabling Fiber Optic Project Estimator allow you to input the number of drops, cable type, and other specifications to receive an instant general estimate or request a detailed quote from their team .
- o Distributors: Retailers such as Amazon, Mouser, or Black Box offer OM3 fiber cables and may provide pricing and quote requests for bulk or commercial orders .

Recommendations

- o Specify the number of fibers, drop length, and indoor/outdoor requirements when requesting a quote to get an accurate estimate.
- o Consider LSZH or plenum-rated sheaths for indoor safety compliance.
- o Compare quotes from multiple suppliers to ensure competitive pricing and availability. By contacting OMC directly or using online fiber project estimators, you can obtain a free, customized quote for OM3 Butterfly Drop Cables tailored to your US installation needs.
