

Underground optical cable label

Preview

Buried detectable & non-detectable warning tapes, high visibility reflective laminated labels & flexible line marker posts, soil markers, domed posts. Clearly identify vulnerable underground assets with durable ground-level markers. We manufacture all our signs in the USA from top-quality materials that stand up to outdoor conditions. Choose from OSHA, ANSI and other styles to indicate high voltage cables. Every post is custom labeled to match your specific order, which means once it's been labeled, it can't be reused or repurposed for anything else. Our Underground Fiber Optic Cable Sign indicates the presence of buried fiber lines that require careful handling. It supports safe digging and reduces the risk of disrupting critical network infrastructure. Available in. 3"W x 13"H pressure-sensitive Marking Labels can be added to Marking Staks to properly identify underground service lines Message reads "Caution Buried Fiber Optic Cable" For bulk orders, tell us how many of the selected item you need, along with your contact information, and we'll provide you with.
