

Where can I buy East Asian access switches

Article Overview

You can purchase East Asian access switches from brands like Huawei, IndoAsian, and Asianic Distributors through their official websites or authorized online retailers.

Online Retailers and Brand Websites

- o Huawei Enterprise Switches: Huawei offers a wide range of campus and data center switches suitable for enterprises, governments, and educational institutions. Their products feature high reliability, automation, and simplified management. You can explore and purchase switches directly from Huawei's official website [Huawei Enterprise Switches](#) for global shipping or contact local distributors for regional availability .
- o IndoAsian Switches: IndoAsian provides stylish and durable switches for residential and commercial use. Their products are available online at wholesale prices through Shopelect, which caters to industrial and large-scale orders. You can browse and order at [Shopelect IndoAsian Switches](#) or check their catalogue for product details [IndoAsian Switches Catalogue](#), .
- o Asianic Distributors (Philippines): Asianic offers a variety of network switches, including PoE-enabled and gigabit models. Their products are designed for plug-and-play installation and comply with international IEEE standards. You can view their product list and make purchases at [Asianic Switches](#), .

Key Considerations

- o Port Speed and PoE Support: Many East Asian switches, such as Tenda and Huawei models, offer gigabit speeds and PoE capabilities, which are essential for powering devices like IP cameras and access points .
- o Compliance and Standards: Ensure the switches comply with IEEE standards (802.3, 802.3u, 802.3ab, 802.3x, 802.3af/at) for compatibility and reliability .
- o Local Availability: Depending on your location, it may be more convenient to purchase from regional distributors or online platforms that ship internationally. By exploring these options, you can find East Asian access switches suitable for both enterprise and residential networking needs, with the flexibility to choose between online ordering or contacting local distributors for bulk purchases.
