

Which cable tray manufacturer to choose in the US

Article Overview

Leading US cable tray manufacturers include Atkore, Legrand, Eaton, Thomas & Betts, Snake Tray, Chalfant Manufacturing, and MP Husky, offering a range of steel, aluminum, and fiberglass solutions.

Top Manufacturers and Their Offerings

Atkore (US Tray) - Established in 2012, Atkore's US Tray division manufactures made-to-order cable trays built to NEMA standards and UL certified. They offer wire basket trays, I-beam trays, and C-channel swage trays, emphasizing airflow, dust protection, and quick installation with pre-installed Quick Latch(TM) systems. Their products are Made in America and comply with Buy America requirements . Legrand - A global leader headquartered in the US, Legrand provides a comprehensive range of cable management solutions, including cable trays, raceways, and accessories for construction, telecommunications, and energy sectors . Eaton (Cooper Crouse-Hinds) - Eaton supplies industrial, commercial, and residential cable tray systems, including cable ladders and raceways, focusing on durability and compliance with North American standards . Thomas & Betts - Offers cable trays, ladder systems, wiring ducts, and accessories for industrial, commercial, and residential electrical installations, emphasizing reliable cable management solutions . Snake Tray - Specializes in aluminum and steel cable trays designed for efficient cable management in data centers, solar installations, and transit projects. Their products aim to reduce construction costs and speed up installation . Chalfant Manufacturing - Provides high-quality cable tray systems with innovative self-connecting options, serving a variety of industrial and commercial applications . MP Husky - Focuses on UL, CSA, and NEMA-certified cable tray systems, including wire mesh and basket trays, with over 60 years of experience ensuring reliability and innovation .

Additional Notable Manufacturers

Other US-based manufacturers include Excellerate, Panduit, Cable Ties and More, Selco Manufacturing Corp., United Electrical Distributors (UED), and Power Engineering Co., Inc., offering a mix of custom and standard cable tray solutions in materials like galvanized steel, aluminum, stainless steel, and fiberglass reinforced plastic (FRP) for diverse industries such as construction, utilities, marine, and telecommunications .

Key Considerations

When selecting a US-based cable tray manufacturer, consider:

- o Material type: Steel, aluminum, fiberglass, or wire mesh
- o Certifications: UL, CSA, NEMA compliance
- o Customization: Made-to-order solutions for specific project requirements

Which cable tray manufacturer to choose in the US

- o Industry focus: Data centers, industrial, commercial, or utility applications
- o Installation efficiency: Features like self-splicing bars or Quick Latch(TM) systems These manufacturers provide a range of solutions to meet durability, safety, and installation efficiency standards for North American projects .
